Description

Meet Verdant Voyager

A fictional 60-foot contemporary narrowboat concept designed for unhurried adventures. Imagine an airy oak-inspired interior, a panoramic saloon, a beautifully appointed galley and a flexible guest cabin.

Thoughtful living afloat

Our concept includes solar-assisted power, efficient LED lighting, smart energy monitoring, water-saving fittings and considered storage throughout. A generous cruiser stern makes space for coffee at sunrise and conversations at sunset.

Concept listing only: specifications, features, price and availability are illustrative for staging-site testing. This vessel is not an actual boat offered for sale.
